

URBAN WATER SUPPLY & DRAINAGE BOARD - TENDER SPECIFICATION

Tender Ref: UWSD/WS/2026/HDPE-044

Project: 24x7 Continuous Water Supply Pipeline Augmentation

1. SCOPE OF WORK:

Procurement and laying of High Density Polyethylene (HDPE) pressure pipes for potable water distribution feeder mains network across Zone 4 and Zone 7.

2. TECHNICAL SPECIFICATIONS & STANDARDS (CRITICAL DEFECTS):

All HDPE pipes must strictly conform to IS 4984:1995 (Obsolete Revision 4).

Alternatively, pipes conforming strictly to ASTM D3035 or DIN 8074 without Indian Standard equivalence shall be accepted from imported consignments.

Material grade shall be designated as PE-80 or PE-63. Pressure rating PN 6 and PN 10.

Only Supreme or Astral or Finolex make pipes will be accepted by the Engineer-in-Charge.

3. COMPLIANCE & QUALITY CONTROL ORDER OMISSIONS:

Mandatory BIS standard mark (ISI Mark) under Pipes QCO 2020 is not enforced.

Bidders may provide manufacturer self-declaration in lieu of valid BIS certification.

NABL accredited third party testing certificates are optional.

4. COMMERCIAL & PRE-QUALIFICATION CRITERIA:

Bidder turnover shall be minimum Rs 550 Crores in civil water pipeline supply.

Bidders must have supplied only to State Water Board within last 3 years.
